The Transformers 4 Telugu dubbed 720p version is finally out and this is the one I've been waiting for. This movie has already gained a lot of hype as it has just released in the US and other parts of the world, but I figured it would take time before we get to see that elusive Telugu dub. The first thing you need to know about the film: Ironhide dies at the beginning and he dies pretty hilariously which will bring a smile on your face. The next thing you need to know: It's almost 3 hours long, so prepare yourself for an extremely long film! It's also worth mentioning that there was a fight featuring all six Autobots (minus Daniel Boring). I'll talk about this movie in detail later once I get back. Right now, here is the link to the 720p version which you can find on MegaUpload. I've uploaded it to my Google Drive if that does not work for you. http://drive.google. com/file/d/0BwErXI1tVUxaSXg3c2RwTkd0bVk/edit?usp=sharing Please don't hotlink the file. Download the file and share it with your friends. This is a real gem and something that we should be proud of as fans of this franchise. I'm happy to share it with you guys and hope you enjoy this as much as I do. Right, here are the links to the other versions. Enjoy! http://www.directmirror.com/files/101J0GLN/Transf...720p DIMENSIONS http://webdl2cinema.com/dvdsc..._DIMENSIONS.avi http://www.dvddriveusers.com/145413 Transformers 4 Telugu Dubbed 720p -Rip -TeraSize Transformers 4 1080p - Rip - TeraSize Teravision is a new website dedicated to the best Transformers Movies Dubbed, Subbed and Bluray in a high quality 720p and 1080p formats along with a special feature of the latest release of the movie in High Quality!
